PagePro 1350W

Keeping **business personal**

The PagePro 1350W personal laser printer is a simple to use, low cost, reliable printing solution for anyone dealing with professional business documents that need speedy quality printing. As a busy user you will appreciate the many assets of this personal printing partner. The PagePro 1350W is fast and productive and thanks to its compact design finds a space on the smallest desk. It's so simple and straightforward to operate you will love your efficient little printer even if you are not technically-minded.

→ Quality to rely on

The PagePro 1350W's class-leading 1,200 x 1,200 dpi print resolution lets you print professional quality memos, letters and reports simply and conveniently at your desktop. With a print speed of up to 20 pages per minute and the first print taking as little as 13 seconds, the PagePro 1350W delivers efficiency and provides security benefits a shared office printer often cannot match.

→ Advanced printing pleasure

Great care has been taken to ensure that as well as being technically outstanding, the PagePro 1350W is just right for everyday use. You will appreciate its special touches, which include paper trays that fold away to minimise desk space usage, a built-in cable tidy system, a special quiet operation mode, and of course its compact design.

→ Affordable and easy to use

You do not have to be a technical genius to use the PagePro 1350W. This printer comes with straightforward printer driver software and installation instructions. It has also received Microsoft's WHQL certification for meeting standards of compatibility with their Windows operating systems, ensuring you further peace of mind. At the same time the PagePro 1350W helps you economise with more than just an attractively low purchase price. High capacity toner cartridges considerably reduce the need for frequent replacement; and quality printing of the most diverse materials, including e.g. labels and envelopes, makes this an excellent investment for everyday use.

→ Clean Planet programme for the environment

In the interest of environmental conservation, Konica Minolta strives to reduce the impact of its products at each stage of the product lifecycle. As one aspect the Clean Planet programme gives you the opportunity to recycle your used toner cartridges for free. Cartridges are recycled efficiently and cleanly, preserving precious resources. Returning the cartridges is quick, easy and completely free for you!

Technical specifications

Printer process

Print method
Desktop A4 laser beam printer

Print speed
Up to 20 ppm monochrome

First page out
13 seconds or less

Warm-up time
21 seconds or less

Max. resolution
Up to 1,200 x 1,200 dpi

Duty cycle
15,000 pages per month

Hardware and software capabilities

Processor type
Naltec N1 48MHz

Memory
8 MB standard

Interface support
IEEE1284 (ECP, Nibble, Compatible),
USB 1.1 (Bulk transfer)
